As a final-year student at FPT University with internship experience at FPT Software, I specialize in web and mobile development. I bring strong English communication skills and a solid foundation in software development, making me an effective team player and a valuable asset as a Junior Mobile Developer.

🎓 EDUCATION

Software Engineer
FPT University
2020 - 2024
GPA: 3.5/4

TECHNICAL PROFICIENCIES

Programming languages:
- TypeScript, JavaScript, Swift.

Frameworks/Libraries:
- ReactJS, React Native, NodeJS.
- SwiftUI
- PrimeReact, Ant Design.

Database: SQL Server, PostgreSQL, MongoDB (NoSQL).

Operating Systems: Windows, Linux.

Methodology: Agile, Scrum, Waterfall, Spiral Methodology

Others: Postman, Git, Figma, Docker, Redis, JIRA, Firebase.

AWARDS

- **TOP 1 - Rocket Boost - An Entrepreneurial Competition**
- **Top 100 EXCELLENT STUDENT ACHIEVEMENT AWARDS** | FALL 2024
- **HONORABLE STUDENT ACHIEVEMENT AWARDS** | FALL 2023 | SPRING 2023 | SUMMER 2022
- **EXELLENT STUDENT ACHIEVEMENT AWARDS** | FALL 2022

💼 WORK EXPERIENCE

04/2024 – Now

Freelance Software Developer
Key Projects:
- **Yoga App**: Developed for both admin and customer use, including features for class management, bookings, and user engagement.
- **Chess Game App**: Created a mobile chess game with real-time gameplay and interactive UI.
- **E-learning Platform**: Built an educational app with features for course content, user progress tracking, and interactive learning.

08/2020 – 12/2023

FPT Software

Frontend Developer
- Successfully implemented features and user interfaces on the website using ReactJS and PrimeReact, ensuring a seamless user experience.
- Collaborated closely with development teammates and other departments to ensure code consistency and efficiency.
- Applied strong knowledge of ReactJS and TypeScript to address technical challenges and optimize application performance.
- Applied Testing with Jest to ensure the quality and functionality

🏅 CERTIFICATIONS

Top 1 - Rocket Boost - An Entrepreneurial Competition
- Entrepreneurial Development
- FPT University, Nov - 08 - 2024

Software Development Lifecycle
- University of Minnesota
- Coursera, Mar - 26 - 2023

Project Management Principles and Practices
- University of California
- Coursera, Feb - 21 - 2024

Web Design for Everybody: Basics of Web Development & Coding
- University of Michigan
- Coursera, Nov - 22 - 2022

SKILLS AND ABILITIES

- English Communication.
- Japanese.
- Object-Oriented Design Pattern.
- Technical Solution Development.
- UX/UI Design
- Code and Quality Standards.
- Software Testing.

🏢 PROJECT

UniCourse - FPT Learning Platform (12/2023 - Now)
- **Overview**: UniCourse is a startup platform offering web and mobile access to a comprehensive range of courses tailored for university students, currently focused on FPT University. The platform supports student learning and engagement through an accessible, interactive experience.
- **Member**: 7 members (5 developers, 2 business and marketing specialists). Developers also provide additional support to business activities.
- **Role:** Mobile Developer – Web Developer
- **Achievements:** Recognized as one of the top projects at FPT University and awarded Top 1 in the Rocket Boost startup competition. The platform is live and generating revenue.
- **Responsibilities**:
    - **Mobile and Web Development**: Lead the development of user interfaces for both mobile and web platforms, ensuring a seamless and responsive user experience across devices.
    - **API Integration**: Integrated backend APIs into the mobile and web applications, facilitating smooth data flow and synchronization.
- **Technologies in use**:
    - **Frontend**: Client using Angular - PrimeNG and Admin using React - MUI - Typescript
    - **Mobile**: iOS using SwiftUI - Swift and Android using React Native - Typescript
    - **Design Pattern**: Object-Oriented Pattern, Singleton Pattern, Atomic Design Pattern
    - **Payment Service**: Apple Pay, Google Pay, PayOS, Momo
- **Website**: https://unicourse.vn
- **Github**: Unicourse Github Here
- **App Store**: https://apps.apple.com/vn/app/unicourse/id6736771264
- **Google Play Store**: https://play.google.com/store/apps/details?id=com.kane.dev.unicourse&hl=vi

Whale Home - Rental Apartment Application (12/2023 - 04/2024)
- **Overview**: WhaleHome is a dedicated platform offering rental and sales services for apartments within the VinHomes area.
- **Member**: 5
- **Position**: Technical Leader and Frontend Developer – ReactJS, React Native, Typescript, Expo.
- **Responsibilities**: Leading the technical direction of a React Native initiative, balancing responsibilities as a Technical Leader and hands-on Frontend Developer
- **Technologies in use**:
    - Frontend: React Native, Expo, ContextAPI.
    - Backend: Spring Boot, Java, SQL, Docker
    - Pattern: Singleton Pattern.
    - Technologies: PostgreSQL, Visual Studio Code, IntelliJ, Docker
- **Github**: Whale Home Github Here
